

General Description:

TAPAZHEAL is a tree ointment used to treat lesions caused by pruning and grafting.

WARNINGS: Avoid contact with skin.

APPLICATION INSTRUCTIONS:

Apply TAPAZHEAL on the pruning lesions or breakage area using a brush, making sure lesions are fully covered.

Avoid applying on dry lesions, which should preferably be reopened and then applied.

Use in the same manner on grafting.

To prevent the product from drying out, keep the container well closed in a cool place. If hardened, dilute up to 10% with water.

Do not dilute with any other substance.

TAPAZHEAL

Contains: 60% Asphalt Emulsion.

Read The Label Carefully Before Using.
For Agricultural Use Only.

Expiry date: 30.03.2021	Batch No: 1119031	Date of Manufacture: 03.2019
